CENTRAL INTELLIGENCE AGENCY

~~CONFIDENTIAL~~

with this, the production department received the following questionnaire in mid-March 1948:

- a. Is veterinary or human medicine more important at ASID?
- b. Inspection of production statistics. (Capacity)
- c. Cooperation with the managing committee.
- d. What scientific tasks were undertaken in 1947?
- e. What scientific tasks are planned for 1948?
- f. Report on the anthrax casualties.
- g. Do the directors consider nationalization of ASID necessary?
- h. List of staff members who were at Riems and are now at ASID.
- i. Previous and present party memberships of the ASID staff.
- j. Survey of the institute in Dessau and the branches at Tormau and Rottenau.

7. The following scientists are members of the ASID staff:

- a. Professor Roehrer: director of the pathological department;

50X1-HUM

- b. Professor Pyl: since 1946 chief chemist at ASID, Dessau.

- c. Dalchow: business director

50X1-HUM

- d. Giese: controller of the veterinary department of the Directorate for Medicinal Affairs in the Zentralverwaltung;

50X1-HUM

- e. Doctor Okas: Estonian microbiologist

\* Comment: An otherwise unknown Russian colonel asked the Berlin office of ASID whether they could produce 6,000 liters of tetanus serum. Calculations were made, but thus far nothing more has developed. The inquiry was made six months ago.
